

SNOWBOMBING PRESENTS THE IGNITION TOUR

Just as Autumn falls upon us, the leaves go golden brown, you jump out of your skin at fireworks, and you don't play conkers, **Snowbombing** presents **IGNITION**.

It's our whizz bang, whistle stop scintillating UK Club Tour! This is the part in the annual Snowbombing show where our Club Partners welcome us into their homes and DJ booths. Folk come from far and wide to raucously light the party fuse and gleefully begin the countdown to next April whilst getting a snowy of taste of what we will dump on you! These sparkly shenanigans will also be supplied by the calibre of DJ you may well find yourself sharing a chair lift with at Snowbombing 2012. So.. On your marks... get set.. GO.. to one of our dazzling destinations.

September sees us with famed house brand **2020Vision** at their London Summer closing party in a secret Shoreditch venue (so Shoreditch!) featuring Dyed Soundorum and label boss Ralph Lawson. So put on your twisty shoes and your wonky hats and join us for what sets to be a suitably snowy affair!

In October we'll be teaming up with long-term cohorts **Urban Nerds**, for their annual sell out 'Halloween bash' in an undisclosed **London Warehouse on October 28th**. With a line up including **Hatcha**, **Klose One**, **Rattus Rattus** and more, the evening will undoubtedly be a big one, make no (skeleton) bones about that!

November sees no rest for the wicked, as we get all rev'd up and hit the road to second city Birmingham, as the fantastic **FACE** welcomes **Claude Von Stroke** to their fair city for the very first time on 5th.

IGNITION then treks as far north as you possibly can to Newcastle in order to pay a visit to legendary club night **Wax:On**, (who host Snowbombing favourites Doorly, Rusko and many more superstar DJ's), for our party with them on November 18th.

We'll be sticking with the **Wax:On** crew to hit their original party city **Leeds** later in November, where alongside **Metropolis**, we'll host the much anticipated **Trilogy** part 3! The final part of the **Trilogy** is proud to

welcome the legend that is **Erol Alkan** alongside **Skream** and **Benga** who will all be appearing on a line-up that also features the likes of **Rusko**, **Fake Blood** and **Hudson Mohawke** among many others!

Finally we return to London (and in style) with **Eastern Electrics** for their annual **NYE blow out** at a secret warehouse venue. Surely there's no better way to welcome the new year... Phew... We can't wait to light the **IGNITION** fuse.

Snowbombing presents **IGNITION** in partnership with ERISTOFF, Vodka from the land of the wolf. The ERISTOFF Wolves will be out on the prowl at these nights so keep an eye out for them and embrace the unexpected.

Snowbombing which runs from 9-14 April 2011 is the world's greatest show on snow. **Mayrhofen**, one of the largest and most highly regarded resorts in the world gets completely taken over for a week long party of hedonistic adventure and extreme sport. The resort also boasts some of Europe's most lavish spas so you can also relax and enjoy the amazing spring sunshine and snowy mountains of one of Europe's most snow-sure, late season resorts. Prices start from **£289** for accommodation and all the entertainment. So don't be shy, secure your place at the World's greatest and wackiest show on snow. www.snowbombing.com
