Like a huge grey cloud that just won't shift, January has descended upon us once again. But forget thoughts of gloom, guilt and detoxing, because the **Snowbombing** crew have got a right old treat up their parka sleeves which is sure to banish those winter blues!

With a line up which already includes the likes of Coventry indie lads **The Enemy**, Super star DJ **Fatboy Slim**, sentimental rock trio **Doves**, glum-rock's finest **Editors**, hip hop legends **De La Soul** and the master of live electronica **Vitalic**, Snowbombing's live line up is looking bigger than ever before and just keeps on Snowballing!

Joining them on the bill will be Art-Rock quartette, the fantastic **Wild Beasts**, who after an amazing year releasing their stunning second album **Two Dancers** will be swapping their skinny jeans for something baggier this April as they take to the slopes. But watch out for avalanches, as front man Hayden Thorpe's ice shattering falsetto is sure to get the mountains shaking!

Blowing in like a blizzard at **Snowbombing '08** and cementing their place in Snowbombing folk law **The Whip** were SB's most outrageous discovery and diamond in the Snow. With their ear shattering sets and arm throwing electro/ rock performances, every debauched moment in the midst of **The Whip** left those lucky bombers to witness their antics quivering like Snow White on a first date with Max Moseley.

Next in line is rising London rapper **Example**. Formerly signed to Mike Skinner's **The Beats** label, this boy has gone from strength to strength gaining interest from the likes of Zane Lowe and Pete Tong and has recently revamped his sound, describing it as "Dysfunctional Electro-Pop."

Bumping up the DJ line up and hailing from the **Mad Decent** hall of fame, British producer **Mumdance** will be bringing the rave back with his infamous jump up and down high energy sets. Expect heavy drums and jungle-carni whistles as this beat master turns up the heat. Warm your chilly bits on that!

They will also be joined by a whole host of eclectic DJs including old favorites **Scratch Perverts**, Italian electro boys **Crookers**, grime heavyweight **Skepta**, phenomenal Parisian producer **Brodinski**, techno's finest **Adam Beyer**, Disco legend **Greg Wilson**, dub steppers **Benga** and **Skream** as well as new additions **Back to Basics'** Dave Beer and Justin Robertson!

Prices start from £279 to secure your place at the Worlds greatest and wackiest show on snow!

**Snowbombing** is an entertainment and accommodation package, where you can choose a variety of accommodation options to suit your preferences and budget, from 5 star luxury Spa hotels, to the pocket friendly TNT village. You can add a variety of extras to build a package to suit you including a variety of lift passes, bespoke parties, including the infamous Arctic Disco, ski lessons and airport transfers.
