

SNOWBOMBING : The World's Greatest Show on Snow enters 11th year. (5-10 April, Mayrhofen Austria)

Straddling decades and jumping genres, Snowbombing is the World's Greatest Show on Snow. It's an awesome alpine gathering with goggles, guitars and great music on the grandest of stages – the alps!

From Dizze Rascal to Dirty Pretty Things, from Madness to Mylo; Snowbombing is the perfect soundtrack to the ultimate ski and 'board holiday.

With 625 KM's of pistes, Austria's steepest piste, a 3286m glacier AND an award-winning terrain park, Snowbombing offers pure powdery perfection for those who prefer to eat their cheese rather than fill their ears with it!

From sky high igloo parties to open-air raves in forest, from secret backcountry locations to Austria's biggest fancy dress street party, Snowbombing tears up the rulebook and dares to dance somewhere different. We don't do mud (or now we come to think about it, rain either!). Ours is a festival with snowflakes and sunshine – and usually in that order! From 4 star spa hotel luxury to pocket-friendly pensions, Snowbombing is a festival like no other – attended by those free spirits who treasure music, mischief and mountains *in equal measure*. Many return year on year – a crazy community of life's brightest flames and people dressed as root vegetables.

And it's never been easier to get yourself sorted...

Not only will we fill your ears, move your feet and fill your soul with joy - we'll also sort out your flights, resort transfers (with a licensed bar!), kit hire, lessons and some extra special party options in one go, creating the right Snowbombing package for you. Prices start at just £279. Call 0845 331 3061 or visit www.snowbombing.com for more information.
