Forget Real Madrid vs. Barca – the real el classico is coming up over on **Channel 4** later at half past midnight with **VOLVO SNOWBOMBINGS** second second show of three.

WEDNESDAY 27TH @ 00:30

Tonight's fab footage includes **Chase & Status's** storming show as well as **Professor Green, Pendulum** and **Maverick Sabre**. Along with this there is some guerilla gig grin 'n' giggle sessions from Abandonman and Andrew Maxwell, plus loads of you lot dressed up in ways which would make your mum really quite worried (though' luckily she'll be in bed by half past midnight...).

FRIDAY 29TH @ 00:30

Then this Friday we'll have the last word on the Royal wedding when our bonkers street party (Europe's largest, you know!) is featured along with **Fatboy Slim** and **Mark Ronson's** exclusive mountain top set at the Volvo Ice Camp, **Example, Sunday Girl** and loads of footage from the Board Park! What else could you possibly be doing this Friday night which would be more pleasurable? (Prince William, don't answer this...)
