

SNOWBOMBING
APRIL 4-9 MAYRHOFEN AUSTRIA 2011

Artists

Dizzee Rascal

"I love it, it's wicked! It's like Ibiza in the snow, that's how you pretty much sum it up!"

Chase and Status

"Snow and music, always a good combination! We're really excited to be playing with such a great line up of artists at Snowbombing this year."

DJ Yoda

'It's been AMAZING... It's my third or fourth time here... It's pretty mental!'

Fatboy Slim

"The return of the bumble bee.....What an unbridled honour to be invited to perform at Volvo Snowbombing for a record second year. Bring on the mountains, bring on the fancy dress, bring on the igloo, bring the noise... And remember, no snow, no show....."

'It was a pleasure to be involved a thousand thanks to you all. Everyone told me Snowbombing was special and it lived up to all the hype and more. Sorry I was a year late!'

Krafty Kuts

"It couldn't get any better"

Mr Hudson

"Amazing. Ten minutes ago I stood outside trying to play an acoustic set at 10,000 feet up in the air and now I'm sat here chatting to you in an igloo...an igloo!"

Mr Motivator

'I was very privileged to be involved and it was a life changing experience. I so enjoy any opportunity that exists for me to continue my desire to make people smile whilst having fun working out.'

Rob Da Bank

"Snowbombing is the most unique festival in the world"

Tom Clarke (The Enemy)

'The best festival in the world... Bar none.'

The Whip

'It's our favourite festival... Without a doubt it's the best festival ever!... There's a really good positive party spirit all week long.'
